

2023 WEBINARS

Jay Johnson & Associates is back in 2023 as the CTA's seminar training partner!

Sailing Through Your BIT - Feb 16 & Sept 21

We cover California's Basic Inspection of Terminal (BIT) Program requirements for terminal inspections performed by the California Highway Patrol Motor Carrier Safety Operations Program personnel.

Hours of Service - Apr 20 & Oct 19

We provide real-world training on the Interstate and Intrastate HOS regulations, the proper use of driver logs, how to effectively audit logs, and tips to manage your ELD program.

Truck Inspection and Maintenance Program - Apr 20

This fast-paced webinar is for the mechanic, maintenance supervisor, and safety manager with maintenance program responsibility during a compliance inspection.

Accident Management for Motor Carriers - May 18

We'll look at some of the steps you need to take to collect records and document an incident post-accident from the perspective of the accident investigator, insurance adjuster, and transportation attorney.

Reasonable Suspicion for Supervisors - Jun 15 & Nov 16

We'll teach you how to identify signs of drug and alcohol use, as well as what steps to take if you have reasonable suspicion to believe that one of your drivers is abusing drugs or alcohol.

CSAT Clearinghouse (NEW!) - Jun 15 & Nov 16

Did you know missing Clearinghouse checks will cause an instant failed inspection? We will review the drug and alcohol program regulations and Clearinghouse checks.

HAZMAT - August 17

This course provides the necessary "hazardous materials" employee training for interstate and intrastate motor carriers transporting regulated hazardous materials.
